P&J LIVE

Scotland's brand new, state-of-the-art events venue.

P&J Live is a brand new purpose built events venue located in the North East of Scotland, just 1.5 miles from Aberdeen International Airport.

The most northern arena in the UK, kick off your tour at the top of Scotland, perfect for production days and rehearsal, then make your way south.

Boasting a 9,000 sqm arena, the largest standing floor in the UK with a 15,000 capacity.

P&J Live is operated and managed by ASM Global, the largest venue operator in the world, which leverages the experience of managing and operating venues to provide consulting advice to owners, to deliver world-class venues.

P&J Live is open for business!

Why choose P&J Live?

- UK's most northern arena and a great rehearsal space to kick off your tour as you make your way down south across the country
- Established Ticketmaster venue with high marketing reach
- New venue location makes Dundee an accessible audience catchment
- In-house marketing team offering dedicated support and advice using a blend of traditional and digital marketing tools including TV, radio, press adverts and social media
- Strong media relationships and partnerships throughout the north east from Dundee to Aberdeen and the Highlands and Islands
- Flexibility to offer co-promotions, splits, minimum guarantees, buy outs, all-in shared deals and free production and rehearsal days
- On-site hotels

Flexible Floor Space.

GROUND FLOOR

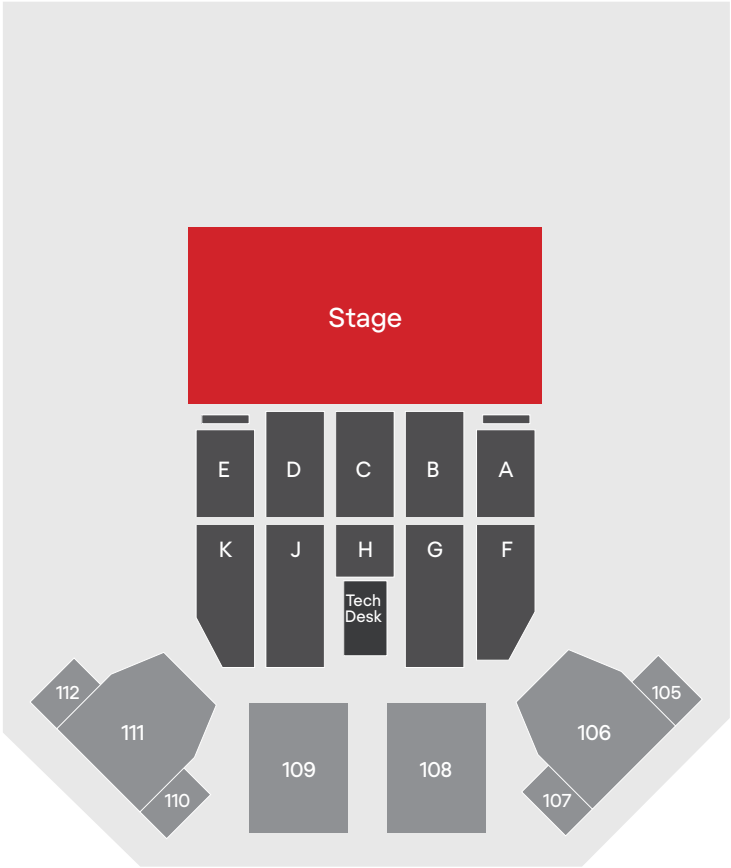

Arena Capacities and Configurations.

With touch of the button retractable seating technology, P&J Live can flex between all seated and all standing configurations with ease. This brand new arena has the largest floor standing capacity in the UK with the ability to accommodate over 15,000 fans on the arena floor.
